RE: RECOMMENDATION – ASPECTUS LIMITED.

We have worked with Aspectus Limited in various sites ranging from camps in Maasai Mara to homes in Nairobi in the supply of solar powered solutions for water heating and lighting for both outdoors and indoors.

Aspectus have carried out their works in a most professional way, from the design stage, installation to the after sales service, their customer service has been excellent.

They have shown great technical expertise in their area of operation and continuously kept their promise of timely delivery of solutions.

We are happy with their workmanship!

We commend Sarah and her team for a job well-done and highly recommend them to anyone looking for solar powered solutions for their facilities.

Keep up your excellent work!

Yours faithfully,

Perigrinus Fire & Engineering Limited

Kariuki Ndugo
Chief Executive Officer.
