To whom it may concern

Re: Recommendation- Aspectus limited

We write to recommend Aspectus Limited having used their products and services in our development project in Muchatha. They have supplied and installed solar water heating systems which we are happy with.

They are professional, good response time and they are technically competent in the services they offer. We plan to use their products and services in our upcoming projects and developments. As an organization we have been happy with Aspectus Limited products and services and recommend them to any organization requiring their services

Yours Sincerely

Mr. Peter Burugu Gachugu

Managing Director
